Dianne Johnson (425) 823-2802; dianjnsn@aol.com

General Membership Meeting

Please visit the OHJA website for more information on the upcoming general membership meeting, held the afternoon/evening of Thursday, July 7th at the Country Classic Preview Horse Show. All members are welcome and encouraged to attend!

Points and Membership

If you have joined or renewed your membership but your name or your horse's name is not listed under the current member/horse registration heading on our website, please contact Points and Membership Chairperson Melanie Pennington.

Points accumulated for the 2011 show season are posted on the website. Please note that the summary of points will be updated at least once a month during the show season. It is your responsibility to verify your points and to contact Melanie if you have any questions.

To facilitate the correct recording of your points for year end awards, please make sure the rider/owner and horse registration names used on your renewal application are identical to the names shown on USEF records.

Reminders

Each exhibitor returning from any out-of-state horse show is responsible for making arrangements to have their show results forwarded directly from the show secretary to Melanie Pennington.

Wear sunscreen and hats at all outdoors events!

Have you reserved your lodging for out-of-town horse shows?

JEF

The Junior Equestrian Fund was established to provide financial assistance to junior members to help defray costs associated with competing in regional or national medal finals competitions. To be eligible for financial aid, each JEF member must actively participate in the current year's fundraising activities in addition to making a formal application to the OHJA Board. Please contact your Junior Representatives Madison or Taylor to volunteer to help with upcoming fundraisers. Your support will be greatly appreciated!

Education Question

(True/False) The line of sight of the rider's eyes while mounted controls not only the direction and balance of his head but also affects the balance of the rider's entire body.

Answer: True. Source: *The United States Pony Club Manual of Horsemanship: Advanced Horsemanship*, pg. 40
